

The Natural Resource Damage Restoration Plan
The Waste, Inc. Landfill Settlement
LaPorte County, Indiana

Indiana Department of Environmental Management (IDEM); Department of Interior, U.S. Fish and Wildlife Service; and Indiana Department of Natural Resources invite public comments about the Natural Resource Damage Restoration Plan for the Settlement of Waste, Inc. Landfill site. The Restoration Plan outlines alternatives to compensate the public through acquisition, rehabilitation and protection of resources, similar to those injured at the site. The Trustees, who are associated with the government agencies listed above, feel implementation of these alternatives will compensate for injuries to natural resources caused by releases of hazardous substances from the Waste, Inc. Landfill site. Restoration projects will be funded by the settlement with the Waste, Inc. Landfill parties. You are invited to mail your written comment about the Restoration Plan during March 11-April 10, 2002 to: Beth Admire, Co-Trustee, IDEM's Office of Legal Counsel, 100 North Senate Avenue, Indianapolis, IN 46206-6015. You can review the Restoration Plan during regular business hours at the Michigan City Public Library, 100 East Fourth Street; IDEM, Office of Land Quality, 12th floor file room, Indiana Government Center-North, 100 North Senate Avenue, Indianapolis; or anytime at IDEM's web site: www.in.gov/idem/land. For your copy of the Restoration Plan contact Jim Smith at IDEM's toll-free phone number (800) 451-6027, ext. 2-3451 or by e-mail jsmith@dem.state.in.us
